What you'll be expected to do:

- Talk confidently to new clients about our design ethos and technical product information
- Create and present innovative design schemes based on client briefs
- Manage feedback and amends across multiple projects
- Create shopping lists to help clients order through our website
- Work closely with our accounts team and workshop to manage deliverables
- Assist clients throughout every stage of the British Standard process

Key skills:

- Excellent design skills, written and verbal skills
- Strong sales focus and ability to meet challenging targets and deadlines
- Quick and efficient learner
- Highly presentable and organised at all times
- Ability to use design software (AutoCad LT preferable) and Microsoft Office applications
- Good interpersonal skills and confident when meeting new people
- Ability to manage a high workload and work both independently and as part of a team
- A genuine passion, understanding and appreciation for good design and the British Standard design ethos
- A keen eye for detail will be vital
